“Promoting and Protecting Traditional Archery in all Forms”

Who We Are!

First and foremost we are not a governing body. It is very important to understand this before joining. It is our purpose to promote and protect Traditional Archery in all forms, Hunting, Field and Target. We will endeavour to raise the profile and image of Traditional Archers throughout Australia. We are a non-profit organisation with all funds raised reinvested in promoting Traditional Archery.

The executive committee and State Representatives (SRM's) of Traditional Archery Australia Inc. are a group of dedicated traditional archers from all parts of Australia and are volunteers dedicating their time and efforts to the sport we all love. We now have representatives in Queensland, New South Wales, The Northern Territory, Western Australia, Victoria, South Australia and Tasmania.

We will achieve our charter by uniting traditional archers with communication, tournaments and representation within all the Archery governing Bodies in Australia. We are family orientated and committed to promoting fun and fellowship which is uniquely enjoyed at traditional events.

We support all current governing bodies. Archery Australia, Australian Bowhunters Association and 3D Archery Association of Australia as well as the Archery Crafters Guild who are actively preserving, promoting and passing down to future generations the talents, skills and crafts used by Bowyers, Fletchers and Leather workers, involved in Traditional Archery.

We support all Archery Clubs that wish to run Traditional Events. We are able to offer shoot guidelines, equipment guidelines and insurance to assist the clubs making these traditional events fun, enjoyable but most of all as safe as possible.

We encourage you to join us in our endeavours. Get involved and assist us to provide the best service possible to Traditional Archery Australia Members.

The Executive Committee
